"No more chronic lower back pain!"

"I have been working in the construction industry for the past several years doing lots of heavy lifting and hard laborious work. As a result, I developed fatigue in my lower back from all the consistent force placed on my body. I started seeing Dr Pat 3x/week. As the program continued and I stuck to my recommended care, I saw more positive results in my back. I no longer had the pain in my lower spine. Furthermore, I felt overall less fatigue in my back, even after continuing to run the bobcat each day. I continue to see Dr. Pat for maintenance so that my back can stay in top shape!"
