Patient of the Week

Derk D

The patients who get the best results, are the ones that follow through with their recommendations!

Want to be our next patient of the week? Follow through with your care, and tell your family and friends about the importance of chiropractic care for whole body wellness!

It's that easy!

I am an 83 year old man who has had severe back pain 24/7 for a number of years. I had back surgery 45 years ago, had to continue working doing heavy lifting and long distance driving. As I have aged my pain has increased causing me to have cortisone injections and physiotherapy. The pain clinic was my last chance at relief. I was introduced to Dr. Pat Maguire and Corrina the massage therapist; between them my pain has diminished to the point where I now have my life back. I still have discomfort but will have this for the rest of my life. The use of analgesics has decreased along with my blood pressure. I would recommend Dr. Pat and Corrina to anyone who would want a pain free life. Thank you very much Dr. Pat and Corrina.
