Chiropractic Care

"Thank you!" just doesn't quite cut it!"

I have had Chiropractic care off and on for most of my life. Past experiences with Chiropractic had been hit and miss. But my treatments with Dr. Maguire have been my most successful treatments to date! The results I have experienced from Dr. Pat have been nothing short of amazing! I was injured in a vehicle accident and Chiropractic care has nearly given me the mobility I enjoyed before my injury. The problems I have which inhibited my walking and mobility are coming into check and I feel a profound sense of well-being elevating my general outlook. This care has given me back an optimistic outlook. My 27 year-long struggle with Fibromyalgia has stayed in check since starting treatments with Dr. Pat and I find I don't have the numbness and stiffness that I had for years before. Today I have less migraines, more mobility, and can move fairly freely without pain. I feel adjustments are necessary to maintain the level of health I possess at the moment. I never want to lapse back into the state my body was in before I started chiropractic care with Dr. Pat. I feel incredibly blessed to have met Dr. Patrick Maguire.

The patients who get the best results, are the ones that follow through with their recommendations!
