"No back pain and a stronger core!"

"I had been carrying pain primarily in my mid to lower back for a few years until I met Dr. Pat at a wellness fair organized by my employer. I am glad that I overcame the initial hesitation and started seeing Dr Pat 3x/week. I rigorously followed his recommended plan in addition to some suggested exercises following which I started seeing positive results in my back. The pain eventually seemed to disappear from my lower spine and I started feeling really "good" about myself. I continue to see Dr. Pat for continued care 1x/week so that my back can stay in top shape!"
