Financial Policies

Patients without Assignable Insurance Coverage (Self-Pay):

Payments may be made by cash, personal check, or charged to American Express, Discover Card, MasterCard, or Visa and are expected at time of services rendered. At your request, we will provide a receipt that will itemize your charges with our clinic. Various payment plans can be arranged to accommodate your medical and financial needs. We also offer a 20 % discount to your charges when patients pay at time of service (not applicable to payment plans).

Patients with Assignable Insurance Coverage:

It is important that you understand your health and accident insurance. The agreement to pay for your chiropractic care is a contract **between you and your insurance company**. As a courtesy, our office takes assignment of verifiable insurance. Our office will complete any necessary forms to collect from your insurance company. Any amount paid directly to our office by the insurance company will be credited to your account.

Most insurance policies do cover chiropractic services, but the amount they paid varies from one policy to another. Some may pay 100% and some may only pay a small amount. Others may have limits on accepting insurance assignment. Your co-pay or percentage is to **be paid at the time of service** throughout your course of treatment. When insurance payments are received on an account, the patient is still responsible for any difference between the filed charges and payments received. Be assured that if the difference is a filing problem, we do everything we can to correct it before asking the patient to pay.

We will supply the insurance company with the customary progress reports, but if for any reason they require a more detailed report, out of the ordinary, the insurance company will be charged accordingly.

Our office **DOES NOT GUARANTEE** that your insurance company will pay. However, we do call and verify chiropractic coverage in an effort to eliminate any surprises to you the patient. During you first visit we will go over your coverages as it was relayed to us.

In some instances, when following up on a claim unpaid by the insurance, we may at one point ask for your assistance, as the original contract between the insured and their insurance company.

At this time, we only accept PPO insurance plans. Most plans do not cover all services that are offered by this office. We do our best to keep you advised of any services that are not covered. If for some reason your coverage has lapsed or canceled you are also responsible any balance accrued.

*** Your signature on this office policy indicates that you will assume responsibility for these services. ***

Patients Covered by Worker's Compensation:

We must have a verification from your employer that your injury has been reported and that an E1 (Employer's Report) has been filed with the Texas Worker's Compensation Commission. Workman's Comp pays for all approved care. You may still be responsible for uncovered items, such as nutritional aids and vitamins.

Supportive or Maintenance Care:

Your insurance company has specific limitations regarding your care and will only pay for what it considers to be **medically necessary** for the resolution of your specific problem. To put it simply, insurance companies are not interested in wellness care. Any care provided to improve your general health and well-being beyond what your insurance company is willing to cover will be billed on a cash basis.

Nutritional Evaluations:

Nutritional evaluations, testing and treatment are not covered services under most insurances. Our office policy is that payment is always expected at the time of services rendered.
