

APPLE STEM CELL MOISTURIZER

Apple Stem Cell Moisturizer is changing the skin care industry in ways never before realized through the use of apple stem cells. By combining plant-derived stem cells with other anti-aging actives such as nutrients, antioxidants, anti-inflammatory botanicals and UV protectors, we can rejuvenate skin cell DNA, and literally give aging skin a fresh new start. Apple stem cells:

- Replenish new collagen and elastin
- Protect, prevent and repair aging skin cells
- Decrease in the appearance of wrinkles, particularly crow's feet

This product was developed for all skin types and is free from parabens, urea, sulfates, artificial colorants and perfumes. No toxic ingredients were used in producing this product.

Suggested Use: Gently massage a small amount of Stem Cell Moisturizer into clean skin until invisible. Keep out of eyes.

Size Available: 2 ounces

Shelf Life: 1 year

Ingredients:

COCONUT ALKANES — Fat soluble vitamin, A, D, E, K, and B; slows the aging process and provides hydration

ALLANTOIN — Botanical Extract; healing and sooth properties from the Comfrey root

SOMMONDSIA CHINENSIS (JOJOBA) SEED OIL — Moisturizer, emollient, healing, and helps against dehydration.

ORGANIC ALOE BARBADENSIS LEAF — Anti-inflammatory, antibiotic, moisturizing, and soothing properties

MALUS DOMESTICA FRUIT CELL (APPLE) CULTURE EXTRACT — Protects longevity of skin stem cells

SODIUM HYALURONIC — Moisturizing; holds 1800 times its own weight in water

CAMELLIA OLEIFERA LEAF EXTRACT — Antioxidant from seed of Nois; green tea with anti-inflammatory properties

ASCORBIC ACID — Vitamin C; antioxidant and UV protector; generating collagen and brightening properties
