

PROBIOTIC BLEND

Herbalogica PROBIOTIC BLEND contains friendly microbes to control the population of hostile bacteria and yeast, especially after times of intense stress, infection, antibiotic therapy, or any event that may cause immune system depletion. Probiotics are also known to maintain or revive overall health. This specialized formula is enteric-coated which insures that the formula will be absorbed only where it is needed most—within the intestines.

The Herbalogica Formula:

This probiotic formulation helps to maintain healthy intestinal activity. The function of the human digestive system is to convert the food we eat into useful body fuel. A necessary and healthful contributor to a properly working digestive system is an abundant supply of the “friendly” bacteria. Herbalogica PROBIOTIC BLEND contains 4 friendly bacteria for this purpose.

This is an effective alternative to all candida albicans prescription drugs, and it causes no side effects. The Herbalogica formula is patient-tested and proven effective in chiropractic and wellness clinics.

PROBIOTIC BLEND contains 20 billion units per serving (10 billion units per capsule).

Features and Benefits

- Helps to maintain healthy intestinal activity
- Prevents the overgrowth of harmful micro-organisms
- Helps prevent bad breath, gas and bloating
- Improves the overall health of the skin by combating harmful bacteria

Suggested Use:

1–2 capsules four times daily as needed

1 capsule four times daily will last: 22 days

2 capsules four times daily will last: 11 days

Size Available: 90 capsules

Shelf Life: 4 years

Ingredients:

VITAMIN A (BETA-CAROTENE)—Promotes growth, strong bones, and healthy skin, hair, teeth, eyes, and gums.

VITAMIN C (ASCORBIC ACID)—Aids in preventing many types of viral and bacterial infections and generally strengthens the immune system.

BIOTIN—A B-vitamin that is needed for the formation of fatty acids and glucose, which are essential for the production of energy. It also helps with the metabolism of carbohydrates, fats and proteins.

ZINC CITRATE—Fights infection and stimulates the immune system.

LACTOBACILLUS ACIDOPHILUS—Friendly bacteria normally found in the intestinal tract, which are necessary and healthful contributors to a properly working digestive system.

BARBERRY ROOT—Helps to build the immune system and prevent yeast overgrowth.

LICORICE—Works by promoting the overall health of the gastrointestinal system.

PAU D'ARCO—An effective anti-fungal herb.

GARLIC—Creates an atmosphere that prohibits bacteria and fungus. (Candida is a form of fungus.)

GOLDENSEAL ROOT—Helps to destroy bacteria and viruses as well as helps to relieve inflammation and congestion.
