**NOTICE TO MEDICARE PATIENTS**

To make dealing with Medicare as simple as possible, we have established the following guidelines. Keep in mind that Medicare regulations change frequently; therefore, these guidelines may have to be updated accordingly. We are required to provide this information to our Medicare patients. If you have questions regarding these guidelines, please ask us, we are here to help you!

1. We will file ALL Medicare claims.
2. We will file ALL Medicare secondary and supplemental Insurances.
3. Medicare pays us directly because we are participating providers with Medicare. However, Medicare patients must meet an annual \$\_\_\_\_\_ deductible in \_\_\_\_\_. We are required to collect this deductible at the beginning of services for each calendar year. Your Supplemental coverage may pay the deductible, but when no such coverage is available, the patient is responsible for paying the required deductible.
4. Medicare pays for 80% of allowed charges. Supplemental coverage may pay the 20%, but the patient is responsible for paying the 20% if no coverage is available.
5. Medicare does not pay for maintenance care. The patient has full responsibility to pay for maintenance care.
6. Medicare does not pay for all healthcare costs. The fact that Medicare does not pay for a particular items or services does not mean that you should not receive it.
