Confidential Child (0-13yrs) History Form

Please take a few moments to complete this questionnaire for your child. Your answers will help us to determine if we can accept your child's case. If we sincerely believe that your child's condition will respond more favourably with another health care provider, we will be happy to refer you. If you need help with this form, please do not hesitate to ask Nancy, Carri, Nicole or Erin. THANK YOU.

Consent for Examination

As with any medical procedure your child undergoes, it is important to be fully informed about the type of procedure and the benefits and risks associated with that procedure.

By signing below, you are agreeing to have your child examined by Dr. Tanya Chambers, Dr. Mike Chambers, Dr. Pip Penrose and/or Dr. Blair Neely at the Stratford Chiropractic & Wellness Centre. The purpose of this examination is to determine the cause of any health problems that your child may be experiencing. The examination also allows the doctors named above to determine what the best course of treatment would be in your child's individual case. The examination may include but not be limited to postural assessment, range of motion testing of various areas of your child's spine and extremities, various orthopedic and neurological tests, and palpation of your child's joints and muscles using our hands. The chiropractic examination is a "hands-on" approach so that we can best assess your child's health. The examination may also include a computerized sEMG analysis, as well as necessary x-rays if indicated (rare).
