

Ray Malo Fund

This is dedicated to Ray Malo who was a man that was warm, humble and sincere. He sought Chiropractic care to manage his pain, severe headaches and maintain his mobility while the ALS took a toll on his body. Near the last 4 months of his life with us he received weekly adjustments from Dr. Alibhai and together they were able to cut down and at times eliminate pain medication. He donated money to our office so that we could offer the same level of care to someone else in need. Our office has committed to matching his amount in addition to costs provided by Premium Assistance. This translates into twelve chiropractic adjustments at no cost to the patient that qualifies.

Criteria for this bursary include but not limited to:

- Require financial assistance – determined through MSP
- Be committed physically and mentally to healing
- Genuine display of selflessness

To Apply:

- Simple inform us of your intent.
- Selection is done by the Stuart Chiropractic Team.

Sincerely,

Dr. Alibhai and the Team at Stuart Chiropractic

I _____ hereby accept the Ray Malo Fund to help me seek the Chiropractic care I need.

I also commit to following through on the recommendations set by the Doctor. I understand I can stop treatment at anytime at which point the unused money will be put back into the fund for the next patient. If you require more care after twelve visits, the Stuart Chiropractic Team will determine the next steps to ensure you get the care you need.
