Sleek Laser Hair Removal is a state-of-the-art procedure specially designed to remove unwanted hair faster, more comfortably, and with fewer visits than ever before.

Now, because of the patented IN-Motion™ technology of **Sleek's** pain-free, hair-free laser, you can even treat sensitive areas without the discomfort of other systems. By using a sweeping, paintbrush technique,

the hair removal procedure is shorter, comfortable and gives great results. More comfortable than ever before!

Sleek's diode laser gently heats targeted hair follicles with gentle pulses of laser energy, while you stay relaxed. Nearly any part of the body can be treated safely and comfortably, including the face, neck, arms, bikini line, back and stomach.

Because the laser is constantly in motion, many patients remark that **Sleek Laser Hair Removal** treatments feel similar to a "hot stone massage."
