

We're Celebrating 40 years of helping Cape Bretoners live healthier lives naturally!

On behalf of myself and my family, I would like to thank all of our current and past patients for entrusting us to *relieve, restore, and maintain* their health.

In celebration of being the longest running Chiropractic Centre on the Island, we're giving back to the community in honor of my Father, **DR. FRANCIS X DUNN**, who founded **Sydney Chiropractic**. New patients will only pay the *1978 examination fee* for the next two months and we will be donating *100% of the proceeds* to the **EVERY WOMAN'S CENTRE**.
