Brain Challenge

Your brain is an extremely complex organ that's made up of more than 100 billion nerves that communicate in trillions of connections called synapses. There's a lot more going on up there than you might think! Tune in to our main FB page for a unique brain challenge every 2 to 3 days. You have to pay close attention, or you'll miss out on the fun!

July 9th
6:30 pm

Natural, Permanent, and DNA-Based Weight Loss Solution – Webinar

Shift your focus, sustain your weight loss! Did you know that only 20% of dieters succeed in maintaining the weight loss they achieve during a diet? Have you ever wondered why this is? Too many people today focus their energy on the WRONG side of weight loss - restriction, extremes, and unnatural methods or supplements. It doesn't have to be this way - you can achieve sustainable weight loss naturally by becoming aware of your body's needs and tending to them in a way that helps you reach a state of optimum health and balance.

July 14th
6:30 pm

Half Hour to Health – Webinar

EVERYONE is invited! You're going to learn why people get sick in the first place, and how they get well & stay well, for life. This information is valuable whether you've been adjusted 2 times or 700 times. Have you ever wondered why some people have pain, muscle spasms, fatigue, indigestion, skin problems or infertility, and other people do not? This is just the beginning of the information Dr. Kalaba will cover in this Half Hour to Health workshop!
