Half Hour To Health - Webinar

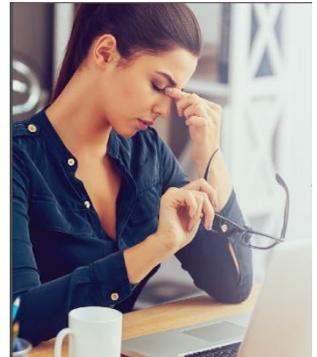

EVERYONE is invited! You're going to learn why people get sick in the first place, and how they get well & stay well, for life. This information is valuable whether you've been adjusted 2 times or 700 times. Have you ever wondered why some people have pain, muscle spasms, fatigue, indigestion, skin problems or infertility, and other people do not? This is just the beginning of the information Dr. Kalaba will cover in this Half Hour to Health workshop!

Adrenal Fatigue - Webinar

54% of Americans that sleep six hours or less each night also wake up tired at least 4 times a week. In short, most Americans are tired most of the week, every week! This nation's state of chronic exhaustion is not limited to just the hours we spend in our beds, but how efficiently our bodies work throughout the day. This is where adrenal function needs to be considered. Learn more in this informative webinar.
