

Dear Friends and Patients,

When we began practicing 41 years ago, we never envisioned this day would come. However, it is with great sadness that effective February 1, 2019, the Kloorfain Chiropractic Offices has officially closed.

This decision did not come easily. We sincerely love chiropractic and have treasured working with you for all of these years. Some of you have been patients and friends since we first opened our offices at 99 Kinderkamack Rd. Others of you have joined our practice along the way. The relationships we have developed with you will stay with us forever. You are the reason we've enjoyed practicing for 41 years. But sometimes life experiences and circumstances make it necessary for changes to occur that cannot be anticipated.

As many of you know I have been unable to practice since October of 2017 because I have been undergoing treatment for Lymphoma. After three different courses of chemotherapy and a stem cell transplant over the last 14 months, I am very happy to report I am finally in remission. It's been a difficult and "interesting" journey to say the least. I want to thank my brother Michael for all his love and support and for caring for all of my patients during my unfortunate absence. I can never thank him enough for taking such good care of all of you while I've been recovering. However, my physical condition and the end of our lease has made the decision to close the practice a necessity. So it is with a heavy heart we must close the doors of Kloorfain Chiropractic Offices.

If you would like to continue your chiropractic treatment locally, we have transferred your records to Dr. Joseph Ciccarelli at 820 E. Ridgewood Avenue, Oradell, NJ. 201-967-0075. He is an excellent and experienced chiropractor who not only utilizes SOT (the blocking technique), but is also skilled in other effective techniques. Dr. Ciccarelli is a participating member in Medicare and most insurance plans, which will mean less out of pocket expenses for you. Please call his office to schedule your next appointment.

We would like to thank you for all of your support and friendship over the years. We are honored that you have entrusted us with your health and the health of your family and friends. We have truly enjoyed every minute of working with you. To say we will miss you is an understatement. We wish you and your families the best of health and happiness in the future and hopefully our paths will cross again.

Sincerely,
Scott and Michael Kloorfain
