

Helping You Live Better

Letter from *The Manager*

Hello Everyone!

I wanted to send an update to you today regarding our Governor's newest announcement stating Safer-At-Home has been extended to May 26th and how that will affect our office.

First, I want to thank all of you that have waited for your adjustments and stuck this out with us! We know Chiropractic works - we know adjustments boost the immune system - we know that routine wellness visits are essential to our health and well-being.

It has been a difficult decision to be closed these past several weeks with the exception of emergency visits. It was our intention to begin our phases of reopening on April 27th. With the recent announcement of our state extending this time frame to May 26th, we have decided to extend our emergency only hours one more week. Our hours will be the following:

April 27 - May 2:

Mon-Wed-Thurs: 2pm-6pm EMERGENCY visits only and massage with Stacey 2pm-6pm

May 4 - May 30:

Adjusting hours:

Mon - Wed - Thurs: 10am-12pm and 2pm-6pm

Tues: 12pm-4pm

Massage hours with Stacey:

Mon: 10am-6pm

Tues: 12pm-4pm

Wed - Thurs: 9am-5pm

These hours will be for ALL patients. Again, we sincerely appreciate those that have waited so that those that are needing emergency care can be seen. We are all in this together and your part has made this temporary shortened schedule work.

If your appointment was canceled, we will be calling you this week beginning April 27th, to reschedule that appointment. We have not forgotten about you and your visit, we will be contacting you as soon as we can!

Lastly, we will continue to take all precautions to keep our staff and our patients safe.

1. We will not be using the sign-in sheet clipboards

2. When you arrive for your appointment - please wash your hands or use hand sanitizer before heading to the adjusting table
3. Please go right to an open adjusting table and lie down and relax!
4. We will be spacing out our adjustments more than our usual scheduling to reduce the number of people in the office
5. If you are early for your appointment, please wait in your vehicle until your scheduled time
6. Please be confident that our office is continuing to be cleaned and sanitized between each patient to ensure cleanliness
7. If you are scheduling for a massage, we do request that you wear a mask for your appointment
8. Remember if you have traveled (even to Kenosha, Milwaukee, Chicago, etc.), if you have any symptoms such as sore throat-cough-fever, or if you have come into contact with anyone having these symptoms: please wait 14 days before coming for your visit

All of these things will keep all of us safe.

We cannot wait to see all of you again!

In Health,

Laura Hachmeister
