Review of Systems

Have you had any of the following pulmonary (lung-related) issues?

- Asthma/difficulty breathing, COPD, Emphysema, Other, None of the above

Have you had any of the following cardiovascular (heart-related) issues or procedures?

- Heart surgeries, Congestive heart failure, Murmurs or valvular disease, Heart attacks/MIs, Heart disease/problems, Hypertension, Pacemaker, Angina/chest pain, Irregular heartbeat, Other, None of the above

Have you had any of the following neurological (nerve-related) issues?

- Visual changes/loss of vision, One-sided weakness of face or body, History of seizures, One-sided decreased feeling in the face or body, Headaches, Memory loss, Tremors, Vertigo, Loss of sense of smell, Strokes/TIAs, Other, None of the above

Have you had any of the following endocrine (glandular/hormonal) related issues or procedures?

- Thyroid disease, Hormone replacement therapy, Injectable steroid replacements, Diabetes, Other, None of the above

Have you had any of the following renal (kidney-related) issues or procedures?

- Renal calculi/stones, Hematuria (blood in the urine), Incontinence (can't control), Bladder Infections, Difficulty urinating, Kidney disease, Dialysis, Other, None of the above

Have you had any of the following gastroenterological (stomach-related) issues?

- Nausea, Difficulty swallowing, Ulcerative disease, Frequent abdominal pain, Hiatal hernia, Constipation, Pancreatic disease, Irritable bowel/colitis, Hepatitis or liver disease, Bloody or black tarry stools, Vomiting blood, Bowel incontinence, Gastroesophageal reflux/heartburn, Other, None of the above

Have you had any of the following hematological (blood-related) issues?

- Anemia, Regular anti-inflammatory use (Motrin/Ibuprofen/Naproxen/Naprosyn/Aleve), HIV positive, Abnormal bleeding/bruising, Sickle-cell anemia, Enlarged lymph nodes, Hemophilia, Hypercoagulation or deep venous thrombosis/history of blood clots, Anticoagulant therapy, Regular aspirin use, Other, None of the above

Have you had any of the following dermatological (skin-related) issues?

- Significant burns, Significant rashes, Skin grafts, Psoriatic disorders, Other, None of the above

Have you had any of the following musculoskeletal (bone/muscle-related) issues?

- Rheumatoid arthritis, Gout, Osteoarthritis, Broken bones, Spinal fracture, Spinal surgery, Joint surgery, Arthritis (unknown type), Scoliosis, Metal implants, Other, None of the above

Have you had any of the following psychological issues?

- Psychiatric diagnosis, Depression, Suicidal ideations, Bipolar disorder, Homicidal ideations, Schizophrenia, Psychiatric hospitalizations, Other, None of the above

Is there anything else in your past medical history that you feel is important to your care here? \_\_\_\_\_

I have read the above information and certify it to be true and correct to the best of my knowledge, and hereby authorize this office of chiropractic to provide me with chiropractic care, in accordance with this state's statutes. If my insurance will be billed, I authorize payment of medical benefits to Clifton G. Siess, DC for services performed.

**HIPAA NOTICE OF PRIVACY PRACTICES**

THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

This Notice of Privacy describes how we may use and disclose your protected health information (PHI) to carry our treatment, payment or health care operations (TPO) for other purposes that are permitted or required by law. "Protected Health Information" is information about you, including demographic information that may identify you and that related to your past, present, or future physical or mental health or condition and related care services.

**Use and Disclosures of Protected Health Information:**

Your protected health information may be used and disclosed by your physician, our staff and others outside of our office that are involved in your care and treatment for the purpose of providing health care services to you, pay your health care bills, to support the operations of the physician's practice, and any other use required by law.

**Treatment:** We will use and disclose your protected health information to provide, coordinate, or manage your health care and any related services. This includes the coordination or management of your health care with a third party. For example, we would disclose your protected health information, as necessary, to a home health agency that provides care to you. For example, your health care information may be provided to a physician to whom you have been referred to ensure that the physician has the necessary information to diagnose or treat you.

**Payment:** Your protected health information will be used, as needed, to obtain payment for your health care services. For example, obtaining approval for a hospital stay may require that your relevant protected health information be disclosed to the health plan to obtain approval for the hospital admission.

**Healthcare Operations:** We may disclose, as needed, your protected health information in order to support the business activities of your physician's practice. These activities include, but are not limited to, quality assessment activities, employee review activities, training of medical students, licensing, marketing, and fundraising activities, and conduction or arranging for other business activities. For example, we may disclose your protected health information to medical school students that see patients at our office. In addition, we may use a sign-in sheet at the registration desk where you will be asked to sign your name and indicate your physician. We may also call you by name in the waiting room when your physician is ready to see you. We may use or disclose your protected health information, as necessary, to contact you to remind you of your appointment.

We may use or disclose your protected health information in the following situations without your authorization. These situations included as required by law, public health issues, communicable diseases, health oversight, abuse or neglect, food and drug administration requirements, legal proceedings, law enforcement, coroners, funeral directors, and organ donation. Required uses and disclosures under the law, we must make disclosures to you when required by the Secretary of the Department of Health and Human Services to investigate or determine our compliance with the requirements of Section 164.500.

**OTHER PERMITTED AND REQUIRED USES AND DISCLOSURES WILL BE MADE ONLY WITH YOUR CONSENT, AUTHORIZATION OR OPPORTUNITY TO OBJECT UNLESS REQUIRED BY LAW.**

You may revoke this authorization, at any time, in writing, except to the extent that your physician or the physician's practice has taken an action in reliance on the use or disclosure indicated in the authorization.

# Informed Consent to Care

You are the decision maker for your health care. Part of our role is to provide you with information to assist you in making informed choices. This process is often referred to as "informed consent" and involves your understanding and agreement regarding the care we recommend, the benefits and risks associated with the care, alternatives, and the potential effect on your health if you choose not to receive the care.

We may conduct some diagnostic or examination procedures if indicated. Any examinations or tests conducted will be carefully performed but may be uncomfortable.

Chiropractic care centrally involves what is known as a chiropractic adjustment. There may be additional supportive procedures or recommendations as well. When providing an adjustment, we use our hands or an instrument to reposition anatomical structures, such as vertebrae. Potential benefits of an adjustment include restoring normal joint motion, reducing swelling and inflammation in a joint, reducing pain in the joint, and improving neurological functioning and overall well-being.

It is important that you understand, as with all health care approaches, results are not guaranteed, and there is no promise to cure. As with all types of health care interventions, there are some risks to care, including, but not limited to: muscle spasms, aggravating and/or temporary increase in symptoms, lack of improvement of symptoms, burns and/or scarring from electrical stimulation and from hot or cold therapies, including but not limited to hot packs and ice, fractures (broken bones), disc injuries, strokes, dislocations, strains, and sprains. With respect to strokes, there is a rare but serious condition known as an "arterial dissection" that typically is caused by a tear in the inner layer of the artery that may cause the development of a thrombus (clot) with the potential to lead to a stroke. The best available scientific evidence supports the understanding that chiropractic adjustment does not cause a dissection in a normal, healthy artery. Disease processes, genetic disorders, medications, and vessel abnormalities may cause an artery to be more susceptible to dissection. Strokes caused by arterial dissections have been associated with over 72 everyday activities such as sneezing, driving, and playing tennis.

Arterial dissections occur in 3-4 of every 100,000 people whether they are receiving health care or not. Patients who experience this condition often, but not always, present to their medical doctor or chiropractor with neck pain and headache. Unfortunately a percentage of these patients will experience a stroke.

The reported association between chiropractic visits and stroke is exceedingly rare and is estimated to be related in one in one million to one in two million cervical adjustments. For comparison, the incidence of hospital admission attributed to aspirin use from major GI events of the entire (upper and lower) GI tract was 1219 events/ per one million persons/year and risk of death has been estimated as 104 per one million users.

It is also important that you understand there are treatment options available for your condition other than chiropractic procedures. Likely, you have tried many of these approaches already. These options may include, but are not limited to: self-administered care, over-the-counter pain relievers, physical measures and rest, medical care with prescription drugs, physical therapy, bracing, injections, and surgery. Lastly, you have the right to a second opinion and to secure other opinions about your circumstances and health care as you see fit.

I have read, or have had read to me, the above consent. I appreciate that it is not possible to consider every possible complication to care. I have also had an opportunity to ask questions about its content, and by signing below, I agree with the current or future recommendation to receive chiropractic care as is deemed appropriate for my circumstance. I intend this consent to cover the entire course of care from all providers in this office for my present condition and for any future condition(s) for which I seek chiropractic care from this office.
