

Financial Policy

We are committed to providing you with the best possible care and are pleased to discuss our professional fees or your responsibility with you at any time.

Payment is expected upon completion of each visit. Cash, Check or Credit Card are accepted.

Initial Office Visit/Exam + Treatment: \$129; Spouse: \$99; Child: (18yrs and under) \$89

Standard Office Visit: \$54 Human Kind Homeopathics: \$27 per bottle (+tax)

Frequency of visits:

Your recommended frequency of care will be determined by **your unique individual history and clinical findings**. We will not recommend more care than is necessary to get you back to optimal health and functioning and to make sure your body can adapt to future stressors!!!

We will schedule your second visit within one week after your initial exam and treatment. Based on that visit assessment, the doctor will determine how often you will be seen to address your specific health needs. Your body's wisdom will lead the way.

There will come a time when your body will say, do nothing. The doctor will then set you up for wellness care, once a month. If your body shows no further care is needed, visits will be spread out to once every two months for well check-ups or when you need us in a crisis situation, just call.

Keep in mind, depending on your current state of health, healing may take a several months or even more than a year. The rate of healing is unique to each individual. We are committed to giving your body the tools it needs to heal at the pace it wants to. **Our commitment to your health will not be compromised for any reason.**

Investment of treatment:

- Your investment will vary depending on the doctor's evaluation and the remedy requirements that your system may need for the healing process which you are experiencing.
- The doctor will give you the best recommendations for your customized care and will estimate the health care investment for you. Installment options will be discussed at time of report (typically 2nd visit)

We can only offer a ROUGH estimate of remedy investments due to patient individuality. The initial AVERAGE for remedies is \$200-\$300 monthly. As your body learns and works through the healing process, the next phase of healing will be less in time, intensity and investment. You deserve to get healthy and your health is worth it!

- All sales on homeopathic products are FINAL. Returns will NOT be accepted.
- Non-alcohol remedies are available in special circumstances and are \$4 more per bottle

*In the event of financial hardship, we will not refuse treatment to anyone unable to afford care. A special consultation will be arranged to discuss.
