

Host an Employee Health and Wellness Day

"The only sustainable advantage that any organization is going to have in the future is the ability of its people."

-D. Quinn Mills, Harvard Business School

Do you know why you should be concerned about the health and well being of your employees?

Because healthy employees mean less sick days, less work related injuries, better production and keeping your people happy will keep your profits healthy.

Show your employees that you care about them; that their health and well being is significant to you by hosting a complimentary

Employee Health and Wellness Day!

We will educate your employees about their current state of health, how they can improve their posture, increase energy, vitality and quality of life by utilizing the natural resources they already obtain. Our program breeds positive employees with tools to combat the daily demands and stresses of the marketplace

Your company profits from healthier, more productive employees.

- **At no cost to your company this revolutionary program includes:**
- **Professional, non-invasive chiropractic screenings including digital surface EMG**
- **Posture Analysis**
- **Tips on better health practices and stress reduction**
- **Literature detailing health and ergonomic issues along with other common concerns employees have**

For companies of any size!
