**Consent to Care**

I hereby authorize the providers to treat my case as they deem appropriate through the use of physical therapy, rehabilitation, manual therapy, chiropractic manipulation of the spine, nutritional support, trigger point injections and diagnostic testing. I realize the goal of integrated healthcare is to strengthen the patient's body in order to heal themselves.

A patient coming to the doctor gives him/ her permission and authority to care for them in accordance with appropriate testing, diagnosis, and analysis. The clinical procedures performed are usually beneficial and seldom cause any problem. In rare cases, underlying physical defects, deformities or pathologies may render the patient susceptible for injury. The doctor, of course, will not provide specific healthcare if he/ she is aware that such care may be contraindicated. It is the responsibility of the patient to make it known or to learn through health care procedures from whatever he/ she is suffering from: latent pathological defects, illnesses, or deformities, which would otherwise not come to the attention of the physician.

It is understood and agreed the amount paid the clinic for x-rays is for interpretation and only the x-ray negatives will remain the property of this office, being on file. The patient also agrees to that he/she is responsible for all bills incurred at this office.

I agree to settle any claim or dispute I may have against or with any of these persons or entities. Whether related to the prescribed care or otherwise it will be resolved by binding arbitration under the current malpractice terms which can be obtained by written request.

**"National Supplier Clearinghouse Medicare DMEPOS Supplier Statement"**

DMEPOS suppliers have the option to disclose the following statement in order to satisfy the requirement outlined in Supplier Standard 16 in lieu of providing a copy of the standards to the beneficiary.

The products and/or services provided to you by supplier legal business name or DBA are subject to the supplier standards contained in the Federal regulations shown at 42 Code of Federal Regulations Section 424.57(c). These standards concern business professional and operational matters (e.g., honoring warranties and hours of operation). The full text of these standards can be obtained at <http://ecfr.gpoaccess.gov>. Upon request we will furnish you a written copy of the standards.

I have read and understand the foregoing. I agree that moving beyond the Free Consultation may entail taking x-rays. If that service is not covered by your insurance, the cost is \$49.00. You will also need to meet with a nurse practitioner for evaluation. If that service is not covered by your insurance, the cost is \$99.00.
