Other? Explain: _____

I have listed all my known medical conditions and physical limitations and will inform the massage practitioner in writing of any change in my physical health between massage sessions. I understand my practitioner must be aware of any and all existing physical conditions that I have in order to provide appropriate massage. I further understand that a massage practitioner does not diagnose or perform any thrusting joint or spinal manipulations or adjustment. I am responsible for consulting a qualified primary health care provider for any physical ailment that I may have. I also understand that there are certain contraindications to massage that include, but are not limited to: broken bones, open sores/wounds, contagious diseases, etc. I know that Northwest Family Chiropractic will make every effort to collect from my insurance company, but I understand that I am ultimately responsible for my bill and I know that the price for an hour massage is \$70.00.
